

Karens Top Referral Tips

- What is the caring role? (i.e. provides practical and/or emotional support)
 - Do the tasks **exceed** what an 'average' child their age would undertake?
 - Are the care tasks age appropriate?
 - Are the caring responsibilities due to parenting issues or neglect? (i.e caring for siblings because parents are working or inattentive)
 - What is the impact on the child? (i.e. does it cause them to miss out on social activities or affect their education. Does it affect their own physical/mental health, emotional and behavioural development, family and social/peer relationships)
 - What support do they need?
-
